Please refer to [Section 3](#) of the Master Prospectus for further information on product features.

Investment Strategy

The Fund will invest between 70% to 99.5% of the Fund's NAV into Shariah-compliant equities and Shariah-compliant equity-related securities listed on any recognised stock exchanges in ASEAN member countries.

The Fund will invest in a diversified portfolio among any of the Shariah-compliant equities and Shariah-compliant equity-related securities of the top 300 Shariah-compliant companies in terms of market capitalisation (at the point of purchase) listed on recognised stock exchange in any of the ASEAN member countries.

The designated fund manager, upon the advice and in consultation with the Investment Adviser, will construct the portfolio based on relative strength analysis. The analysis, which will be based on the Investment Adviser's proprietary views on the supply and demand of a security, aimed at selecting a portfolio of Shariah-compliant equities among the stock universe as mentioned above that have the potential to deliver commendable return. The Fund may be entitled to warrants and rights as a result of the corporate action from the mother share held by the Fund. The designated fund manager will evaluate and decide whether to subscribe such entitlement, if any.

In view of its investment objective, the Fund will adopt an active investment management approach and frequency of trading of securities will very much depend on market conditions. Its portfolio turnover ratio could potentially be higher than that of the normal equity-based funds.

Under normal circumstances, investment into Shariah-compliant equities and Shariah-compliant equity related securities ranges between 70% and 99.5% of the NAV of the Fund. The remainder will be invested in Islamic money market instruments and/or Islamic deposit placements. The equity allocation may be reviewed from time to time depending on the global, regional and local economic as well as equity market conditions. This includes assessing the relevant political, economic and business environment prior to making investment decisions.

The Fund may take temporary defensive positions that may be inconsistent with the Fund's principal strategy corresponding to adverse economic and/or political conditions or potential sharp downturn in the equities market that may be likely leading to substantial capital loss. In such circumstances, the designated fund manager may reallocate up to 100% of the Fund's Shariah-compliant equity investments into other permitted investments, including Islamic money market instruments and/or Islamic deposit placements.

Please refer to [Section 3](#) of the Master Prospectus and its Fourth Supplementary for further information on investment strategy.

Applicable Shariah Principles

- Investor appoints PMB Investment Berhad to manage and invest the Fund under the Islamic contract of 'Wakalah' or Agency.

KEY RISKS

You should be aware that –

- The value of your investment, and the distribution payable, may go down as well as up.
- The return of the Fund is not guaranteed.

Equity Market Risk

The performance of the Fund is subject to the volatility of the stock market which is influenced by the changes in the economic and political climate, profit rate, international stock market performance and regulatory policies. The movement of the value in the underlying investment portfolio will affect the NAV of the Fund. Any downward movement of the value will negatively impact the NAV of the Fund.

Stock Specific Risk

Prices of a particular stock may fluctuate in response to the circumstances affecting individual companies such as adverse financial performance, news of a possible merger or loss of key personnel of a company. Any adverse price movements of such stock will adversely affect the fund's NAV.

Shariah Status Reclassification Risk

(a) Shariah-compliant equity securities

This risk refers to the risk that the currently held Shariah-compliant equity securities in the portfolio of the Fund may be reclassified as Shariah non-compliant in the periodic review of the securities by the SAC of the SC, the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. If this occurs, the Manager will take the necessary steps to dispose of such securities.

Opportunity loss could occur due to the restriction on the Fund to retain the excess capital gains derived from the disposal of the reclassified Shariah non-compliant securities. In such an event, the Fund is required:

- (i) to dispose of such securities with immediate effect or within one (1) calendar month if the value of the securities exceeds or is equal to the investment cost on the effective date of reclassification of the list of Shariah-compliant securities ("Reclassification") by the SAC of the SC or date of review ("Review") by the Shariah Adviser or the Shariah Supervisory Boards of relevant Islamic indices. The Fund is allowed to keep dividends received and capital gains from the disposal of the securities up to the effective date of Reclassification or Review. However, any dividends received and excess capital gains from the disposal of the Shariah non-compliant securities after the effective date of Reclassification or Review should be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser;
- (ii) to hold such securities if the value of the said securities is below the investment cost on the effective date of Reclassification or Review until the total subsequent dividends received (if any) and the market price of the securities is equal to the cost of investment at which time disposal has to take place within one (1) calendar month, excess capital gains (if any) from the disposal of the securities should be channelled to *baitulmal* and/or charitable bodies as advised by the Shariah Adviser; or
- (iii) to dispose of such securities at a price lower than the investment cost which will result in a decrease in the Fund's value.

(b) Islamic fixed income instruments or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes

This risk refers to the risk of a possibility that the currently held Islamic fixed income instrument or Islamic money market instruments or Islamic deposits or Islamic collective investment schemes invested by the Fund may be declared as Shariah non-compliant by the relevant authority or the Shariah Adviser. If this occurs, the Manager will take the necessary steps to dispose of or withdraw such fixed income instrument or money market instruments or deposits or collective investment schemes.

Warrant Risk

The Fund may hold Shariah-compliant warrants as a result of corporate actions of Shariah-compliant listed companies in which the Fund is holding their stocks. The value of warrants is influenced by the current market price of the underlying stocks, the exercise price of the warrant, the time to expiration of the warrant and the estimate of the future volatility of the underlying stock price over the life of the warrant. The warrant's price decreases as the warrant approaches its due date especially in the event that the warrants are held and not exercised.

Liquidity Risk

Liquidity risk refers to the ease of liquidating an asset depending on the asset's volume traded in the market. If the Fund holds assets that are illiquid, or are difficult to dispose of, the value of the Fund will be negatively affected when it has to sell such assets at unfavorable prices.

The liquidity risk of the Fund also refers to the Manager's ability to honour redemption requests or to pay Unit Holders' redemption proceeds in a timely manner.

This is subject to the Fund's holding of adequate liquid assets, its ability to seek financing on a temporary basis as permitted by the relevant laws and/or its ability to redeem the Fund's investments at fair value. Should there be inadequate liquid assets held, the Fund may not be able to honour requests for redemption or to pay Unit Holders' redemption proceeds in a timely manner and may be forced to dispose the Fund's investments at unfavourable prices to meet redemption requirements.

Country Risk

Investments of the Fund in any countries may be affected by changes in the economic and political climate, restriction on currency repatriation or other developments in the law or regulations of the countries in which the Fund invests in. For example, the deteriorating economic condition of such countries may adversely affect the value of the investments undertaken by the Fund in those affected countries. This in turn may cause the net asset value of the Fund or prices of units to fall.

Currency Risk

As the investments of the Fund may be denominated in currencies other than the Base Currency, any fluctuation in the exchange rate between the Base Currency and the currencies in which the investments are denominated may have an impact on the value of these investments. Investors should be aware that if the currencies in which the investments are denominated depreciate against the Base Currency, this will have an adverse effect on the NAV of the Fund in the Base Currency and vice versa. Investors should note that any gains or losses arising from the fluctuation in the exchange rate may further increase or decrease the returns of the investment.

(a) Currency risk at the Fund's portfolio level

The impact of the exchange rate movement between the Base Currency and the currency of the underlying investments may result in a depreciation of the value of the investments as expressed in the Base Currency; and

(b) Currency risk at the class level

The impact of the exchange rate movement between the Base Currency and the currency of the USD Class may result in a depreciation of the investor's holdings as expressed in the Base Currency. The risk occurs when converting the NAV per unit in the Base Currency to the NAV per unit in the USD Class denomination at a valuation point. Investors in MYR Class are not exposed to the risk as no conversion of the NAV per unit is required.

Please refer to **Section 3.5** of the Master Prospectus and its Second Supplementary Master Prospectus for further information on product specific risks.

VALUATIONS AND EXITING FROM THIS INVESTMENT

HOW OFTEN ARE VALUATIONS AVAILABLE?

- The Fund will be valued at the close of Bursa Malaysia on every business day ("trading day" or "T" day). However, if the Fund holds any foreign investments, the valuation of assets of the Fund will be conducted after the close of a business day but not later than 5.00 p.m. of the following business day (T+1) due to the different time zones of foreign markets.
- For investment in the foreign assets, the value of the assets is translated on a daily basis to the Base Currency using the bid foreign exchange rate quoted by either Reuters or Bloomberg, at United Kingdom time 4.00 p.m. the same day. If the foreign markets the Fund is investing in are closed for business, the Manager will value the investment based on the latest available price as at the day the relevant foreign market was last open for business.
- You may obtain our latest information on the Fund's price at our website, pmbinvestment.com.my.

Please refer to **Section 3.11** of the Master Prospectus for further information on determination of prices.

HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO?

- **Cooling-off Period**

If you are a first time individual investor with the Manager shall have the right, within 6 Business Days, commencing from the day the completed application is received and accepted by the Manager to withdraw his/her investment in the Fund. However, this cooling-off period does not apply to a staff of the Manager and a person registered with a body approved by the SC to deal in unit trusts.

The refund pursuant to an exercise of a cooling-off right must be as follows:-

- a) If the original price of a unit is higher than the price of a unit at the point of exercise of the cooling-off right ("market price"), the market price at the point of cooling-off; or
- b) If the market price is higher than the original price, the original price at the point of cooling-off.

The Manager will refund the charges imposed on the day the units were purchased. The money payable out of this transaction will be refunded to the investor within seven (7) Business Days of the Manager's receipt of the repurchase request.

- **Redemption / Repurchase**

You may redeem all or some of the units held on any Business Day by completing the Transaction Form together with a photocopy of your NRIC.

- For a request to redeem units received or deemed to have been received by us on or before the cut-off time at 3.30 p.m. on any Business Day, units will be redeemed at the NAV per unit calculated at the end of Business Day on which the request is received ("forward pricing").
- Where the repurchase request is received after the cut-off time, the request will be deemed to have been received on the next Business Day.
- Payment will be made within seven (7) Business Days of the receipt of redemption request, except for PMB SCMF, where the redemption proceeds will be paid within four (4) Business Days, provided that all required documents are completed and verified.
- The proceeds of payment will be directly credited to your bank account via online banking services or telegraphic transfer.
- We reserve the right to vary the terms and conditions of repurchase/redemption mode from time to time, which shall be communicated to you in writing.
- In the event of any technical difficulties beyond the Manager's control or should the redemption request in the sale of units cannot be liquidated at an appropriate price or on adequate terms and is as such not in the interest of the existing Unit Holders, redemption monies may be paid at such other period or as may be permitted by the relevant authorities from time to time.
- You may redeem your investment wholly or partially. There is no minimum number of units for redemption but you must meet the minimum holding of units after a repurchase transaction. If you insist on making a repurchase request knowing that after the transaction you will hold less than minimum holdings of units, we may withdraw all your units and we will pay the proceeds to you. We may, with the consent of the Trustee, reserve the right to defer your purchase request if such transaction would adversely affect the Fund or the interest of the Unit Holders.
- The value of the repurchase/ redemption price will be the NAV per unit at the end of the Business Day on which the request for repurchase/ redemption of units is received by us.
- No restriction is set on the frequency of redemption. For certificate holders, you can only redeem your units upon surrendering the unit certificate(s).
- No redemption fee is charged. However, bank charges and other bank fees, if any, will be borne by the Unit Holder.
- If the units are held in the names of more than one Unit Holder, where the mode of holding is specified as "Joint Application", redemption request will have to be signed by all the joint holders unless the joint applicant is a minor.

Please refer to **Section 5** of the Master Prospectus and its Fourth Supplementary for further information on determination of prices and redemption details.
